i am a description title

i am a description, i am in open sans now because open sans is nice and easy to read. im going to be pretty short because lets face it, people dont want to read this stuff. they just want to look at the pictures. and im ok with that.

this is a thing about me

here are some words. hopefully these words are interesting and make you value my personality and want to interview me and then hire me. that'd be dope.

this is where my resume goes. wow lauren you did great in school im really proud of you

- i'd like for this tiny barely visible logo to have a cool thing happen when you click on it. like a confetti explosion or something
- also sticky in the bottom left corner
- opacity 22% #ededed
- hover: 47% #cccccc
